Exploratory Play Activities

“Bond Blocks Counting to 10: Pre-Foundation” uses Exploratory Play Activities 1 to 8.

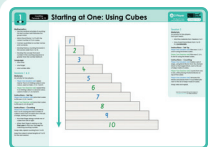

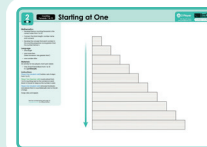

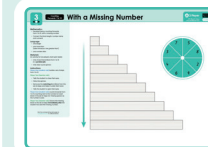

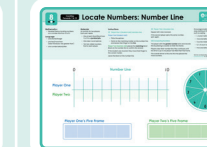

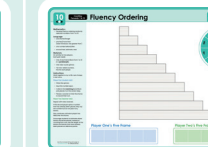

Teacher Led Activities

“Bond Blocks Counting to 10: Pre-Foundation” uses the following Teacher Led Activity Boards from the “Counting Forwards 1 to 5” and “Counting Forwards 1 to 10” chapters.

Counting Forwards 1 to 5 Teacher Led Activities:

					
1) Starting at One: Using Cubes 'a little easier'	2) Starting at One 'a little easier'	3) With a Missing Number 'a little easier'	4) Number Track 'a little easier'	8) Locate Numbers: Number Line 'a little easier'	10) Fluency Ordering 'a little easier'

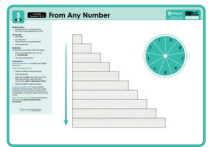

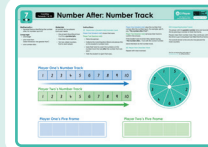

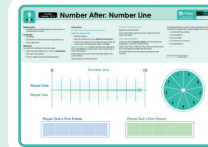

Counting Forwards 1 to 10 Teacher Led Activities:

					
1) Starting at One: Using Cubes	2) Starting at One	3) With a Missing Number	4) Number Track	8) Locate Numbers: Number Line	10) Fluency Ordering

Please note, “Bond Blocks Counting to 10: Pre-Foundation” only covers the counting forwards to 10 sequence starting at one, not counting to ten from any number.

For this reason, these Teacher Led Activities from the “Counting Forwards 1 to 10” chapter are not included:

Teacher Led Activities for Counting Forwards 1 to 10 that will be new to students:

			
5) From Any Number	6) Number After: Steps	7) Number After: Number Track	9) Number After: Number Line

These boards are included in the following year as part of “Counting to 10 and 20: Foundation”.
