

Mathematical Concepts Covered by Bond Blocks

Spiral Curriculum

The mathematical concepts in each chapter of activities follows this progression. Concepts are repeated in relevant chapters with increasing complexity.

Numbers represent Core Kit activity board numbers.

Mathematical Concepts Covered by Each Bond Block Activity								
Activity Chapter	Bonds	Fluency	Addition	Subtraction	Equation Building	Missing Number Equations	Word Problems	Calculating Strategies
2) Bonds of 5	6	7, 8, 9	10	11	12	13	14, 15	
3) Doubling and Halving to 10	16	17, 18						19, 20
4) Five Plus Bonds	21, 22	23	24	25				
5) Bonds of 10	26	27, 28	29	30	31	32	33	
6) Bonds of 6, 7, 8, 9	34	36, 37		35	38	39	40	
7) Ten Plus Bonds	41, 42, 43		44, 45, 47	48 (Set A)	46	48 (Set B), 49		50, 51, 52, 53, 54, 55, 56
8) Doubling and Halving to 20	57	58, 59, 60, 61						62, 63
9) Bonds of 11 to 20			64	65	66	67	68	69, 70, 71
Teacher Notes	Using Part-Part-Whole: Desk Visuals		Building Equations: Using Part-Part Whole			Solving Missing Number Equations	Solving Word Problems	Solving Subtraction using Taking Away or Adding On
